

Project Summary Memo

date October 7, 2021

to Donna McCormack, City of Culver, Project Manager

from Katrina Langenderfer, KLLA, Principal Landscape Architect
Chelsea Schneider, LOCI Studio, Principal Landscape Architect

subject City of Culver Park Site Master Plans, Project Summary Memo

Context

The City of Culver is a municipality in Jefferson County, Oregon, incorporated in 1946. The population from 2020 census is 1,570. Portland State University forecast the population would be 1,511 in 2020 and 1,678 in 2030. Culver is situated close to Cove Palisades State Park along Lake Billy Chinook, a destination for water skiing and houseboat vacations. By 2010, Jefferson County has seen the median age increase to 39.6 yrs., while the Hispanic/Latino population increased 19.3%.

Master Plan Process

The City of Culver Parks System consists of one developed park, and one undeveloped future parcel. There are existing piped and open irrigation canal alignments that may become community trail opportunities in the future.

Local interest groups are committed to bringing new features into the park and have introduced several projects to the park including a sand volleyball court (now removed), playground, T-ball field, basketball courts and a sprayground. Upon implementing these projects, the city recognized the need to plan appropriate places and processes for future public initiatives.

The master planning process has consisted of a site review of existing facilities, an assessment of community needs and development of master plan recommendations for two park sites.

The community engagement process commenced with an interview of the Culver Park Committee on May 13, 2021. The community of Culver was surveyed via mailings and online with 120 respondents. See Attachment B for complete Survey and Results.

Based on the findings of the community survey and site assessment, KLLA developed preliminary master plan schemes for the existing park and for the future park site. See Attachment C for Master Plans. The Park Committee reviewed the proposed master plans and provided comment for design development on August 26, 2021. The Draft Master Plans were then presented to the public at an open house on September 8, 2021. Written and verbal comments were recorded. Materials were made available for review at City Hall through September 16, 2021, where the public provided additional written comment.

Existing Conditions

- Existing Park Land - Sites Three and Four

The Culver City Park is located along D E Street in Culver and includes two parcels, noted as Site Three and Four. Site Three is zoned Open Space (OS) and encompasses 5.74 acres. The park includes a baseball field, a flex softball/tee-ball field, a group picnic pavilion, (with another to be constructed in Spring 2022), movable picnic tables, restrooms, a sprayground, a traditional playground, a memorial to veterans at a flag monument and a mature tree canopy. Site Four is zoned Commercial (C1), is 0.34 acres and is currently partially developed with a fenced basketball court. The park is bordered on the south by residences and on the west with a vacant parcel and commercial uses beyond. The park is bounded on the north and east with roads and residential uses beyond. By size and uses, it is categorized as a community park, providing 3.62 acres/1000 people level of service based on the 2030 PSU population forecast.

Parking demands are not currently met with the existing parking on the perimeter of the park. Spectators who watch games at the flex-field park vehicles in a currently vacant lot which may not remain undeveloped, and without barriers or fences, vehicles tend to encroach into the clear zones of the field. The flex-field is bounded directly to the south by residences that can be impacted by fly balls. Additionally, the outfield overlaps with the existing playground to a significant extent and represents a conflict of use. If this field is used for softball play, balls could reach the playground.

- Existing Park Land - Site Two

Adjacent to the existing Public Works facility along A Street, Site Two includes 2.88 acres of additional park lands. The parcel is zoned Commercial (C1). The developable area is currently vacant except for an RV sanitation station. The site is bounded on the north with A Street and a canal (Site 4), and field beyond. Opal Springs Street bounds the south side of the parcel. Residences are found to the east and southwest. When developed as a community park, the site will contribute 1.71 acres/1000 people to Culver's anticipated community park level of service in 2030.

- Existing Trails - Site One

Conversations continue between Anderson Perry (city engineer) with the Bureau of Reclamation to develop an agreement to allow the public to use the existing closed canal alignment for recreation.

- Existing Management and Operations

Currently, the City of Culver has one Full Time Employee (FTE) whose responsibilities include all Public Works, Streets and Parks management and operations.

Community Needs

The state of Oregon is experiencing population growth and demographic shifts which are reflected in the Culver community. The median age is increasing and more of the population are represented by Latinos. Amenities that enhance active aging, connect all ages and foster community cohesiveness and inclusiveness are in demand. Culver's relative isolation from other Jefferson County communities requires extensive time and resource commitments from families who have players in competitive sports. This underscores the need for sufficient athletic amenities in town to support athletic practice and serving as a game destination for the region.

Long-term impacts from the pandemic are also influencing the future needs in parks, including access to nearby open spaces as more people work from home and the preference to gather outside over inside to reduce the possibility of disease spread.

The Oregon State Parks Statewide Comprehensive Outdoor Recreation Plan (SCORP) also recognizes Park Activation and Outdoor Recreation and Tourism as desirable aspects to develop in existing and future park spaces. (Reference available at: <https://www.oregon.gov/oprd/PRP/Pages/PLA-scorp.aspx>)

The city currently has 8.65 acres in developed and undeveloped lands, which represent a surplus of community park lands. Based on National Parks and Recreation Association (NRPA) standards for levels of service, Neighborhood Park (1 - 5 acre) and Mini Park (less than 1 acre) types are not currently served, and are areas the city should focus on for future public space acquisition.

	Park Type		
	Mini	Neighborhood	Community
2021 Parks Land	0 acres	0.0 acres	8.65 acres
NRPA Recommendation	0.4 acres	1.6 acres	8.0 acres
Balance	-0.4 acres	-1.6 acres	+0.65 acres

A survey was conducted from the beginning of June to July 15, 2021. It received 120 responses by mail reply or online submission. Broad age ranges were represented and 109 of the respondents were city residents, representing 6.94% of the current city population.

The Opinion of Existing Park Amenities Question (Q6) rated existing amenities within the park (Sites 3 & 4) on a 0-10 scale. Generally, respondents were happy about the features in the park, with the lowest rated amenity, the existing restroom, rated lowest at 5.78.

Q6. Opinion of Existing Park Amenities	Avg. Rating (1-10)
Lawn Area	7.90
Pavilion	7.16
Splash Pad	7.13
Picnic Area	6.87
Ballfield	6.87
Seating	6.03
Parking	5.99
Playground	5.84
Restroom	5.78

The survey gathered feedback on prioritization of future amenities, regardless if it will be provided in an existing or future park. The 15 highest priority amenities are listed here:

Q7. Opinion of Priority of Future Amenities in Future and Existing Parks, by age group									
	ALL	0-11	12-17	18-29	30-39	40-49	50-59	60-69	70 +
Shade structures/pavilion	74.43	49.5	68.1	82.6	77.4	72.5	74.8	75.9	72.4

Community center	57.49	50.0	41.8	41.4	62.2	82.6	56.4	55.6	60.7
Nature play area	55.76	75.0	43.9	48.4	65.3	66.3	61.0	55.6	35.6
Bike pump track	55.38	25.0	76.3	53.8	61.8	71.2	53.8	37.9	37.3
Bike skills area	54.54	25.5	66.9	50.3	57.2	74.4	48.6	46.2	45.2
Off-leash dog area	51.08	49.5	49.9	67.9	56.8	73.8	52.5	38.8	25.2

The respondents also provided feedback by ranking their high priority amenities in order. The top 13 amenities are shown here:

Q8. Ranking of Potential Future Park Amenities, by age group									
	ALL	0-11	12-17	18-29	30-39	40-49	50-59	60-69	70 +
Skatepark	1	5	1	3	3	4	1	4	4
Traditional playground	2	9	5	1	1	1	8	13	1
Hard surface paths	3	1	3	2	2	2	9	3	8
Shade structures/pavilion	4	3	9	8	5	9	2	1	3
Bike pump track	5	11	2	18	4	5	6	7	15
Sport courts	6	2	12	9	18	3	12	2	6
Shade/more trees	7	6	11	14	12	6	3	6	9
Outdoor games	8	4	8	7	11	12	5	16	10
Nature play area	9	7	10	12	9	10	7	9	12
Open lawn area	10	12	19	5	7	22	15	5	5
Soft surface paths	11	13	7	20	8	11	11	11	7
Community center	12	14	21	22	17	8	4	10	2
Off-leash dog area	13	15	14	4	6	7	17	8	19

The prioritized park amenities were evaluated by the suitability of the use in the existing Culver City Park or in future park sites.

The Final Master Plans that resulted from site analysis, park committee direction, suitability analysis and community feedback include proposed renovations to Site 3 & 4, and an evaluation of potential programming and spatial programming at Site 2. See Attachment C.

Next Steps

A review of existing city codes should be conducted to ensure the ordinances pertaining to park use reflect the community's current expectations and uses. Particularly, the city may evaluate city code 12.04.020 which prohibits use of scooters, skateboards, roller blades and roller skates. In addition, the city may review on-site parking standards and other development standards for the Commercial (C1) zone to ensure they will provide sufficient direction for the development of the future community center on Site 2. Additionally, the city may evaluate the current development code for residential zone to ensure open space and parks are being dedicated to the public with all new development.

Active land acquisition should also be a continuing effort, especially for built-out residential areas and large parcels that may support Sport Park level amenities. Securing trail easements and/or MOUs with the local irrigation districts will ensure community access to a trail network into the future.

The community of Culver has demonstrated its commitment to creating new amenities within the park. To assist the Park Committee in the decision making process, each new initiative should be evaluated on its suitability to the proposed site, impacts to neighbors and existing uses on the site, assessment of risk, cost to implement the proposed project and, most importantly, a life-cycle cost analysis of what will be required in funding and resources to maintain the proposed amenity over its service life. Likewise, as new parks develop, life cycle costing should be considered for existing and future parks to correctly align the needs of park inputs, maintenance and stewardship with the staff and resources available to support them.

In support of the appropriate growth of the community, the City should consider forming a park district to capture tax funding for existing parks and SDC's for developing new parks and facilities, thus formalizing ownership, management, stewardship and funding for the future.

meeting notes

date September 8, 2021 4:30pm-6:30pm
to Donna McCormack, City of Culver Project Manager
from Katrina Langenderfer, KLLA Principal Landscape Architect
subject City of Culver Parks Master Plan, Public Open House, Culver City Park

In Attendance:

See 9.8.2021 Public Open House Meeting Attendance Sheet.

City Representatives:

Donna McCormack, COC

Consultants in Attendance:

Katrina Langenderfer, KLLA
Chelsea Schneider, LOCI

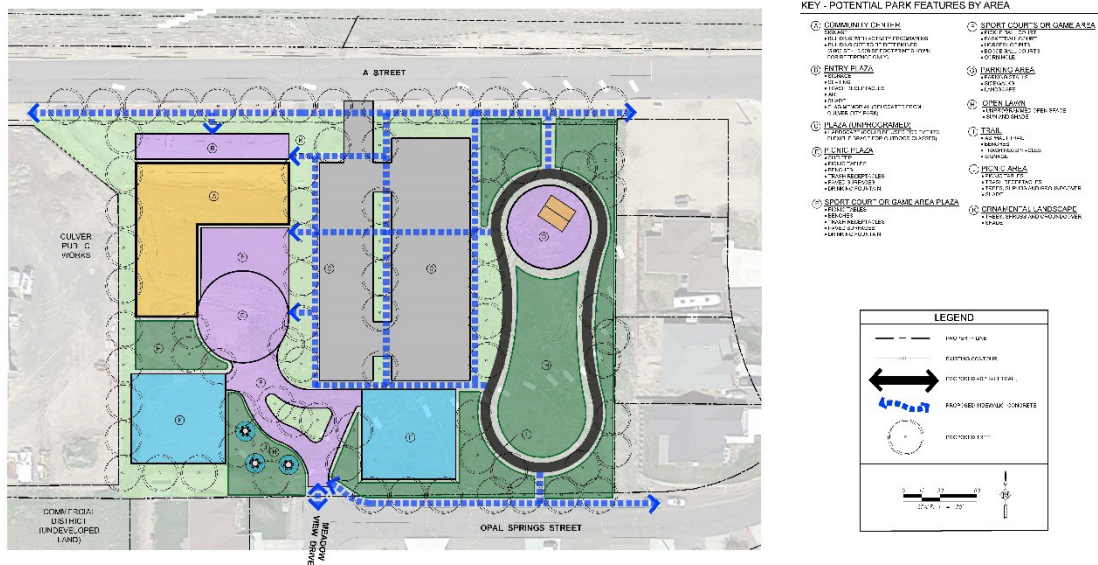

Important Upcoming Dates:

- **Final Parks Master Plan Parks Committee Meeting – Culver City Hall, October 7th. 2021 from 5:00-6:00.**

Master Plan Concepts:

A public open house was held at Culver City Park, September 8th 2021, from 4:30-6:30. At the open house draft master plan concepts for project Site 2 and Site 3 & 4 were on display for the community to review and provide comment on. Additionally, the concept boards were on display at Culver City Hall for public viewing and a comment period from September 9th, 2021 – September 16th, 2021. Below is a summary of both the open house and City Hall public viewing attendee comments for each draft master plan concept.

SITE 2 – DRAFT MASTER PLAN CONCEPT

SITE 2 - DRAFT MASTER PLAN CITY OF CULVER PARKS MASTER PLAN | SEPTEMBER 2021

Park Open House - Attendee Comments, Site 2:

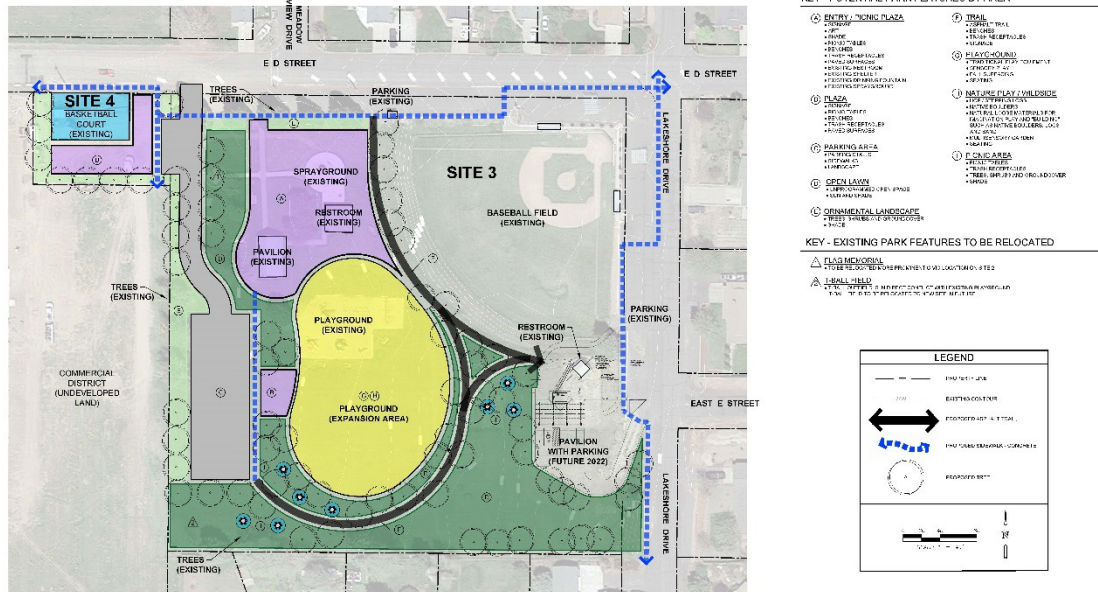

1. Include a volleyball court on the site.
2. Include a soccer / football field on the site.
3. Include a bicycle repair station somewhere on the site.
4. It would be nice to incorporate wildflowers into the open areas, planted to appear native in form.
5. Provide area for amphitheater on the site.
6. Include mini-golf in area (H) shown as open lawn.
7. Include a community garden area on the site.
8. Include a pump track / skate park on the site.

9. Always be aware of maintenance responsibility with every site improvement.
10. Could a Tball / softball field be incorporated on this site? Culver kids should not have to drive to Madras.
11. Not overwhelmed with the idea of a community garden. Maybe give a try for a couple of years?
12. I would love to see an off-leash dog area. I hate seeing dog waste in our baseball diamond.
13. Include a dog park with training obstacles and leash hooks for your dog.
14. Could the picnic tables have built in umbrellas? The sun is hot – shade would be nice.

City Hall Display - Attendee Comments, Site 2:

1. Want benches along the paved pathways.
2. Would like a flower garden or community garden
3. Loves the concept, the community spaces are great.
4. Be sure to have trees for shade.
5. Wants dedicated walking paths to connect areas.
6. I like it!
7. A fenced/gated dog park would be very nice.
8. The long strip would be a great dog park. (Site 1)
9. Wants to have an RV dump somewhere (this comment was repeated several times)
10. Need a bathroom in the picnic plaza and by the sport courts/game areas
11. Shade is very important
12. I love it – it is all so exciting and a total upgrade to the community.

SITE 3 AND 4 – DRAFT MASTER PLAN CONCEPT

SITE 3 & 4 - DRAFT MASTER PLAN

CITY OF CULVER PARKS MASTER PLAN | SEPTEMBER 2021

Park Open House - Attendee Comments, Site 3 & 4:

1. Include shade over picnic areas and playground. Different types of shade could be used for the different area. Example vegetative (trees) or constructed (shade sail or pavilion).
2. Picnic tables should be located on concrete pads for ease of maintenance (i.e. cleaning).

Park Open House - Attendee Comments, Site 3 & 4 Cont.:

3. Like the idea of providing shade and site amenities around basketball court, good concept. Would like the City to prioritize finishing this area as soon as possible.
4. Include a volleyball court in the playground expansion area.
5. Include a tetherball area in the playground expansion area.
6. Include a trampoline in the playground expansion area.
7. Include a skate park / skate ramps be included in the playground expansion area.
8. Include an outdoor pool in the existing sprayground area.
9. Include a zipline in the park.
10. Include cornhole in the park.
11. Include a rope swing in the park.

12. Include monkey bars in the park.
13. Include a Parkour area (i.e. American Ninja Warrior) in the park.
14. Include horseshoes pit area, sized for tournament play.
15. Include an outdoor pool in the park.
16. Include a skate park in the park.
17. Include drinking fountains and water bottle filling stations.
18. Include flower beds or wildflower beds in some of the landscaped areas.
19. Keep as many existing trees as possible. Do not remove existing trees.
20. Would like to see inclusion of fruit trees in the park, apple, pear, peach, orange and lemon trees.
21. Could an area for hammocks be added in the park so they could hang tree to tree?
22. Please add trees to transitional plaza space between playground and restroom area.
23. Would like to see a fenced / enclosed dog park added to the site to keep off leash dogs from running into the baseball field.
24. Could the walking path make a full circle around the site?
25. Could a pond / creek be added to the park?
26. Add bleachers to the existing Tball field area.
27. Add bleachers to the existing Tball field area, so people do not pull too far into the Tball field while watching games.
28. Include a good network of ADA paths, along with benches along paths to rest.

City Hall Display - Attendee Comments, Site 3 & 4:

1. Would like another ball field
2. Want to make sure there are sidewalks to connect the two recreational areas (Sites 2, 3 & 4)
3. Great Ideas!
4. Good to have more parking.
5. Hopes there is room for frisbee golf in the new design.
6. Need to make sure to have bike racks at all sites.
7. Likes the traditional playground.
8. Really likes the trails and plaza areas with shelters.
9. Make sure there are bathrooms by all new improvements.
10. Would like exercise stations at different areas along the paved paths.

11. Don't want to lose Tball field.

CONCEPT IMAGERY

CITY OF CULVER PARKS MASTER PLAN | SEPTEMBER 2021

Park Open House - Attendee Comments, Concept Imagery Boards

No comments documented

City Hall Display - Attendee Comments, Concept Imagery Boards:

1. Bocce – YES!
2. Where is the cornhole game?
3. Really like the natural materials playgrounds (several people said this)
4. Would like to have Bulldog tracks along the paths
5. Like the traditional playground.
6. We need a library in the community center.
7. Have the Welcome to Culver sign in Site 1.

Attachment B: Survey and Survey Results

Culver Parks Master Plan Community Survey

The City of Culver is developing a conceptual master plan for four parcels for future park and community uses.

Your input is needed! Please fill out this survey and return with your bill or hand deliver to the City of Culver by July 15, 2021. Alternatively you can access the survey online at www.culver.in.gov

1. What is your age group?

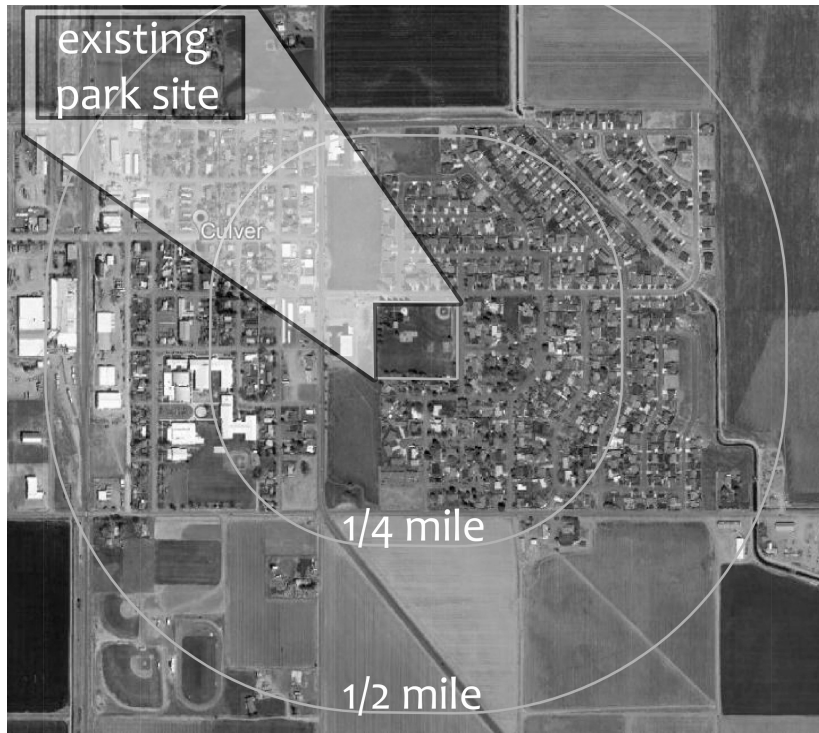

☐ 0-11 ☐ 12-17 ☐ 18-29 ☐ 30-39 ☐ 40-49 ☐ 50-59 ☐ 60-69 ☐ 70+

2. How far is your home from the existing park? (Choose one)

☐ Less than 1/4 mile
☐ Less than 1/2 mile
☐ More than 1/2 mile
☐ Outside city limits

3. How do members of your household access the park? (select all that apply)

☐ Walk ☐ Bike
☐ Drive ☐ Other: (list)

4. How often do you visit the existing park?

☐ Daily
☐ Weekly
☐ Monthly
☐ A few times a year
☐ Never

5. The amount of amenities in the existing park is: (circle one)

Too few About right Too many

6. How do you rate **existing** amenities at the **existing park** (10=Excellent, 1=Poor)

Ballfield	10	9	8	7	6	5	4	3	2	1
Picnic	10	9	8	7	6	5	4	3	2	1
Seating Areas	10	9	8	7	6	5	4	3	2	1
Pavilion	10	9	8	7	6	5	4	3	2	1
Playground	10	9	8	7	6	5	4	3	2	1
Sprayground/ Splashpad	10	9	8	7	6	5	4	3	2	1
Restrooms	10	9	8	7	6	5	4	3	2	1
Parking	10	9	8	7	6	5	4	3	2	1
Open Lawn Area	10	9	8	7	6	5	4	3	2	1

7. What priority are these **future** features for all existing and future parks in Culver? (Circle one level for each feature)

Hard surface paths and trails	High	Medium	Low
Soft surface paths and trails	High	Medium	Low
Traditional playground	High	Medium	Low
Nature play area	High	Medium	Low
Open lawn area (for events, frisbee, pickup games)	High	Medium	Low
Shade structures/ Pavilion	High	Medium	Low
Group picnic areas	High	Medium	Low
Quiet sitting areas	High	Medium	Low
Shade / more trees	High	Medium	Low
Outdoor Games (horseshoe pits, bocce, ping pong, etc.)	High	Medium	Low
Bike skills area	High	Medium	Low
Bike pump track	High	Medium	Low
Skatepark	High	Medium	Low
Dog off-leash area	High	Medium	Low
Community gardens	High	Medium	Low
Botanical or demonstration gardens	High	Medium	Low
Art (community contributed murals, tile and paving projects)	High	Medium	Low
Sand volleyball	High	Medium	Low
Disc golf / Disc putting course	High	Medium	Low
Sport Courts (Racquetball, Basketball, Pickle Ball, Tennis, etc.)	High	Medium	Low
Ballfields (Baseball, Softball, etc.)	High	Medium	Low
Flexible Sportfields (Soccer, Lacrosse, etc.)	High	Medium	Low
Community Center	High	Medium	Low
Other (list) _____	High	Medium	Low

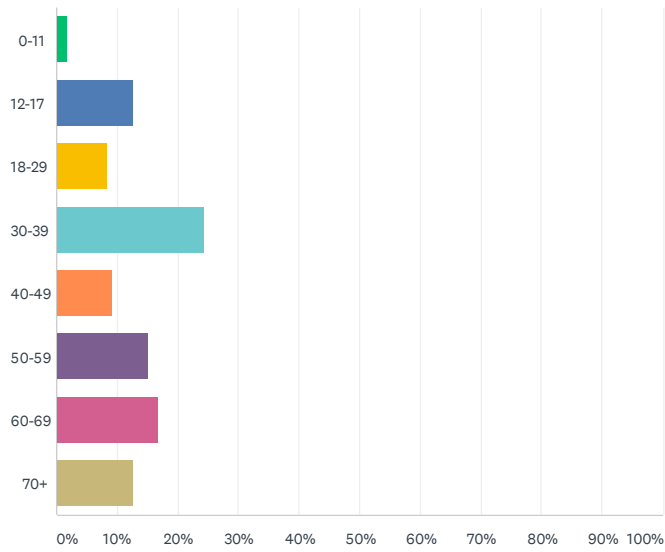

8. From the **future** features you selected as HIGH priority, please rank your top five choices (1-5)

Hard surface paths and trails	_____
Soft surface paths and trails	_____
Traditional playground	_____
Nature play area	_____
Open lawn area (for events, frisbee, pickup games)	_____
Shade structures/ Pavilion	_____
Group picnic areas	_____
Quiet sitting areas	_____
Shade / more trees	_____
Outdoor Games (horseshoe pits, bocce, ping pong, etc.)	_____
Bike skills area	_____
Bike pump track	_____
Skatepark	_____
Dog off-leash area	_____
Community gardens	_____
Botanical or demonstration gardens	_____
Art (community contributed murals, tile and paving projects)	_____
Sand volleyball	_____
Disc golf / Disc putting course	_____
Sport Courts (Racquetball, Basketball, Pickle Ball, Tennis, etc.)	_____
Ballfields (Baseball, Softball, etc.)	_____
Flexible Sportfields (Soccer, Lacrosse, etc.)	_____
Community Center	_____
Other (list) _____	_____

City of Culver Parks Master Plan Community Survey

Q39 Please provide any additional comments you have about your hopes for future parks in the City of Culver!

Answered: 60 Skipped: 61

#	RESPONSES	DATE
1	Kids playground area has zero shade; equipment is too hot to sit on. Site 1: should be an on-leash dog walking area; fits for the narrow site. Site 1: west end, possible for scenic bike path, start-stop-rest. Need, need, need trees, trees, trees.	7/20/2021 2:22 PM
2	Kids keep ruining everything in the park. Cameras need to be put around to catch riff raff.	7/20/2021 2:18 PM
3	I think it is important to consider the upkeep of anything additional. It seems that Culver has trouble maintaining what we already have.	7/20/2021 2:15 PM
4	We are new to the community and loving it:)	7/20/2021 2:11 PM
5	More amenities for seniors! Such as wheel chair accessibility, walking paths, and lighting along the paths. Benches and shaded areas to rest near the path for those who have health problems with mobility. Return of play equipment and young childrens' play areas.	7/20/2021 2:08 PM
6	Our park is closed a lot, such as restrooms and splash park.	7/20/2021 1:52 PM
7	Quiet area should be a distance from group picnic area and activities.	7/20/2021 1:49 PM
8	Culver is a wonderful place to live. I've only been here three years, and it's home.	7/20/2021 1:47 PM
9	A swimming pool is high priority! We are lucky to have such a great space and existing amenities. Looking forward to any future features selected.	7/20/2021 12:51 PM
10	Open bathrooms.	7/20/2021 12:38 PM
11	Just get it done	7/20/2021 12:30 PM
12	NO SKATEPARK!	7/20/2021 12:27 PM
13	I'm not in favor of the proposal that Cindy Dix laid out. Too expensive and we don't know if she can get the money for site 3, for skate addition would work best and be cheapest. But if you wanted all the amenities that she proposed then site 2 is by far the best. I would be glad to speak to Council if they would like. Thanks, Jack Ickler	7/20/2021 12:14 PM
14	Waste of money on skate park, bike track, etc. Very, very few use basketball court. Few kids - 4 max - skateboard here on court or town. Keep the park "a park"!	7/20/2021 12:08 PM
15	Liability issues on skate park are high risk to people and insurance premiums. Not a good idea. Survey good idea!	7/20/2021 11:27 AM
16	Backstop moved - tired of balls and noise in our backyard! NO skate park! Too much cussing already! Fix up the things that are there - paint, keep the sprinklers from watering our fences. Please!	7/20/2021 11:16 AM
17	We don't use the park so we feel our answers don't apply?	7/20/2021 11:12 AM
18	In the existing park, my kids are excited to see the splash pad going!	7/20/2021 11:00 AM
19	Please open up the splash pad!	7/20/2021 10:53 AM
20	Open splash pad! Expand park if possible.	7/20/2021 10:43 AM
21	I don't see the purpose of the spray park if it just sits there like a mushroom sculpture and it's never on!	7/20/2021 10:34 AM
22	With the amount of vandalism currently happening at the city park, it is concerning to know that a skate park is being considered. The skate park in Madras seems to have ongoing issues even though they have cameras installed. The ongoing maintenance would be an issue as well, and I think this was a tough lesson learned with the splash pad and the skate park would be no different.	7/14/2021 10:57 PM
23	Before you start new projects, work on cleaning up our community. Enforce codes that already exists. keep front yards weed free, no open trailers with garbage (this attracts) rodents. Make Culver beautiful again	7/14/2021 10:19 AM
24	The first priority for the park should include additional safety features such as cameras. It's become apparent that vandalism and theft is an issue in town. Adding security cameras to the area would bring some accountability to the damage that happens at the park in addition to potential assault issues. As Culver continues to grow the City needs to take measures to ensure the safety of park users.	7/13/2021 10:39 AM
25	Better care for the parks. For years we had one guy that was supposed to do all city maintenance and the park always suffered. If you're truly adding more parks, please hire dedicated staff for them.	6/29/2021 8:37 PM
26	Thank you for getting more bark for the park. It looks much better. Please replace the missing toddler swing. Its been missing forever and it'd be nice for there to be more than 1. Please consider putting in a speed bump in the parking lot of the playground. I live very close to the park and see people speed thru the parking lot to avoid the one speed bump on D Street. I brought this up to the last mayor and nothing was done about it. I'm worried some kid will be hit by some inpatient driver. Also - please, please, please open up the restrooms. Madras has thier restrooms open with a sign stating they only clean it once a day. As a mom of 3 kids who use this park - I'd much prefer them use the restrooms instead of those nasty portapottys. Also I heard the lights are on order for the spray park = that's nice to know and we look forward to using the spray park once its back up and running. Future hopes for parks in Culver - stuff for kids. I like the idea of a skate park or bicycle pump track. My kids would definitely use those activities. My kids use the basketball court so thank you for putting one of those in. Thank you for asking for the communities input on what goes on with future parks in Culver.	6/22/2021 2:58 PM

City of Culver Parks Master Plan Community Survey

27	I think it would benefit many to have my shaded seating around the splash pad area. As far as traditional playgrounds, taking a look at Sam Johnson's park in Redmond would be a more inclusive route for our community.	6/12/2021 12:05 PM
28	The park is lacking amenities. Those kids need a skatepark in there.	6/11/2021 10:08 AM
29	ok	6/10/2021 12:43 PM
30	a skate park is needed!!	6/10/2021 12:02 PM
31	Volleyball court, skate park	6/10/2021 10:56 AM
32	A pump track or skatepark would be badass	6/10/2021 9:47 AM
33	I think that we should build a skatepark because it would be a good opportunity for us to get out and not use the park to skateboard	6/10/2021 9:16 AM
34	Our park needs some love. They took out the little kids play structure and it needs more for kids.	6/10/2021 8:58 AM
35	We need a pump track and better parking please!	6/9/2021 7:48 PM
36	As part of the teen youth of culver I would like to see a skatepark put in place as there aren't many facilities for teens to be physically active and have fun at the park	6/9/2021 7:13 PM
37	I believe that our youth needs more activities to do at the park, misty our preteen and teenagers. A skatepark is a must we have so many kids in our community that skateboard and this in my mind is top priority followed by a dog park, pump track and other outdoor sports courts.	6/9/2021 7:01 PM
38	The current playground, pavilion, splash pad, etc. are fine, if they were to be properly maintained and replaced as needed. But at this point it would be a better use of tax payer money to ADD to what we already have rather than REPLACE what needs to be maintained. I have offered to run a community garden but was told that it was not a doable thing.	6/9/2021 3:29 PM
39	I am in favor of the park expansion idea. We need additional parking. The new things being discussed in the new area would be great.	6/9/2021 3:25 PM
40	Fix the splash park and little kids playground	6/7/2021 6:03 PM
41	Very interested in pickleball courts! Would be great for the mature community as well as the high school students for their physical education class.	6/7/2021 5:22 PM
42	I think that our park needs to have a variety of activities so that all ages can use it. I think the addition of pickleball courts would be great for our Senior community. A pump park and skate park would be great for school age children.	6/7/2021 3:09 PM
43	I truly hope that these kids can get the skate park that they so desperately crave!	6/4/2021 10:58 PM
44	It's very important to provide services to all age groups.	6/4/2021 3:25 PM
45	Do NOT put the skate park next to the City blds. It needs to be in/around the existing park where there is room for families. The park is already developed for that!	6/4/2021 11:03 AM
46	Skate park should be located in the existing park area, Groups using the park should have access to all of the activities in the same area.	6/4/2021 7:52 AM
47	Na	6/3/2021 5:38 PM
48	I love our community would love to have some fun things for kids of all ages while still adding shade and preserving some open lawn.	6/3/2021 5:35 PM
49	The skatepark that is being proposed needs to be thought of very well. The skatepark in Madras only attracts problems and vandalism.	6/3/2021 12:42 PM
50	Dog park is my main want. Skate park would be fun as well as bike trails.	6/2/2021 8:52 PM
51	Your asking for favorability for all existing and future parks to have all these items is hard to say yes to. I would prefer to see a selection at each park to provide a different variety for the park users at each area.	6/2/2021 8:49 PM
52	Please do not let any new houses to be built without sidewalks are a requirement. City leaders have failed, do not let another rich developer swindle Donna Paul again. Even if he is a culver resident.	6/2/2021 4:56 PM
53	Better maintenance	6/2/2021 12:55 PM
54	No skateboard park for brat kids. I hear them outside underneath the Pavillon cursing out loud!! wreaking the park benches. Why should one dime be spent on a skateboard park? Only 1400 people live in this town. What happened to the second Pavillon? How about some gravel for the parking lot out in the field, dust everywhere. What is the deal with that other bathroom never being used, what a waste of money? Fix the existing problems first!!	6/2/2021 10:43 AM
55	Trails	6/1/2021 5:02 AM
56	I think we need some sort of volleyball area. They took the old one out which turned into gravel and grass after time but even if they just had two community nets in the lawn would be great. Doesn't even need to be sand. The kids that skate have areas to skate around but there's no where to play volleyball unless you have your own net to set up which most don't.	5/28/2021 10:52 PM
57	What about using the old yard dump area for a off leash dog park with nature trail so the humans can get a good walk in while the dogs play. Ball field needs to be smooth so kids don't hurt themselves, open space also needs to be smooth, new bbq's would be nice with new tables, spread out a little more with some bushes to create more private space.	5/28/2021 9:14 PM
58	I think the park we have already could have a few improvements and it would be great	5/28/2021 7:48 PM
59	Safe and with cameras to ward off vandals. The splash park got a low rating because it's not working. I know you're working on it.	5/28/2021 5:36 PM
60	Skateboard park Walking park Dog park	5/28/2021 5:21 PM

Q6. How do you rate **existing** amenities at the **existing park** (10=Excellent, 1=Poor)

Average rating by age group, ranked by rating for 'ALL'

	ALL	0-11	12-17	18-29	30-39	40-49	50-59	60-69	70
Lawn Area	7.90	9.00	8.07	7.67	7.24	8.36	7.82	8.32	8.21
